MBS Claiming Guide for stress echo and myocardial perfusion studies

In response to a number of queries regarding claiming of repeat MBS services for stress echo (item 55143) and stress MPS (items 61349, 61410), the MBS has produced a claiming guide to assist providers.

Cardiac Stress Echocardiography and Stress Myocardial Perfusion Studies (MPS) – Claiming Information Guide

[Link to guide here.](#)

Note that there are no changes to the requirements of the services for stress echocardiography and stress MPS, including the qualifying indications, time dependencies or item associations that currently exist.

SURVEY | CALLING ALL CARDIOVASCULAR NURSES

You are invited to participate in a study being led by the University of Wollongong (UOW) about the use of m-Health applications in clinical practice. The survey is anonymous and takes approximately 10-15 minutes complete.

Wa'ed Shiyab (PhD candidate at UOW) is conducting the survey to examine the use of mHealth applications by nurses for chronic conditions and lifestyle risk factors.

You can access the survey by scanning the QR code or via this link <https://redcap.link/mHealthnurse>

Study investigators include: Wa'ed Shiyab (PhD candidate) and Prof Liz Halcomb (Primary Supervisor). Dr Kaye Rolls and A/Prof Caleb Ferguson (Co-Supervisors).

If you have any questions, please contact Mrs Wa'ed Shiyab via [email](#) or Prof Liz Halcomb [email](#) or
