PRESTIGIOUS ANITSCHKOW PRIZE AWARDED TO PROF STEPHEN NICHOLLS

Congratulations to CSANZ President, Prof Stephen Nicholls, for winning the prestigious 2023 Anitschkow Prize of the European Atherosclerosis Society (EAS).

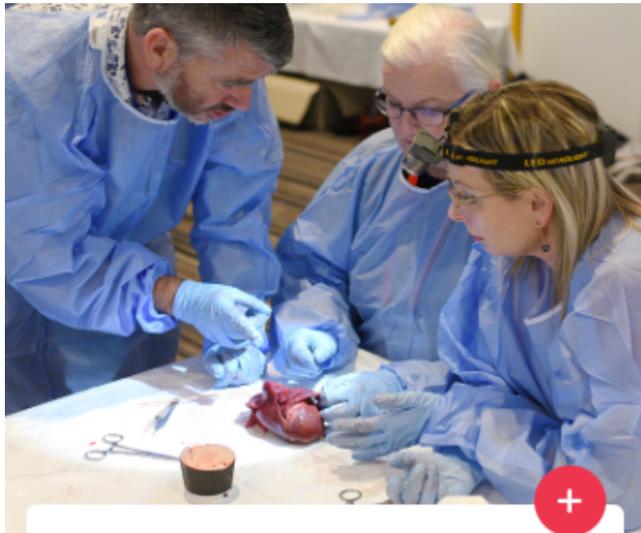

The award is in recognition of Prof Nicholls' outstanding contributions to atherosclerosis, cardiometabolic disease and preventive cardiology.

[Read more here](#)

Prof Nicholls will receive the Anitschkow Medal and present the Anitschkow Lecture at the Opening Ceremony of the [#EASCongress2023](#) in Manheim Germany, 21 May 2023.

Call for expressions of interest: CSANZ Education Committee

Education

The Cardiac Society of Australia and New Zealand seeks expressions of interest from members to fill vacancies on the Education Committee.

The Education Committee's portfolio of responsibility includes developing strategy and overseeing the delivery of educational offerings to CSANZ members. The Education Committee's terms of reference [can be viewed at this link](#)

The Committee meets bi-monthly by video conference.

The Education Committee is keen to broadly represent the CSANZ members and hence EOI's are encouraged from all member groups including nurses, allied health and sonographers. We are seeking members who have a passion for education and who have broad clinical and education experience in either public or private practice.

This is your chance to get involved and play a key role in the direction of the Society's education and professional development initiatives.

To be considered, please submit a covering letter and a two-page CV to: info@csanz.edu.au by **Monday, 30 January 2023**.

For further information, please contact the CSANZ office on email: info@csanz.edu.au

Prof Julie Redfern appointed to the WHF Science Committee

Congratulations to Prof Julie Redfern on her appointment to the World Heart Federation (WHF) Science Committee.

The Science Committee is the cardiovascular health and policy evidence based advisory committee for the WHF. They provide strategic input, monitor new developments in cardiovascular science, assist with commissioning, reviewing and recommending appropriate medical and scientific statements and guidelines, position and policy papers, and science agenda of the WHF.

Important reminder to use Nicotine and Smoking Cessation Support MBS Item numbers

After recent review of access to the Nicotine and Smoking Cessation MBS item numbers it was found that very few medical professionals are using these item numbers. (Access was extended in July 2022 until December 2023).

The Cancer Council Australia has asked for our support for members to utilise these item numbers so that they are not deleted after December 2023.

They include face to face consultations, video and phone consults for **nicotine and smoking cessation counselling services** - see links below:

Face-to-face: – MBS items 93680, 93681, 93682, 93683, 93684 and 93685.

Videoconference: – MBS items 93690, 93691, 93692, 93693, 93694 and 93695.

Telephone : – MBS items 93700, 93701, 93702, 93703, 93704 and 93705.

For more information and support to conduct nicotine and smoking cessation counselling please refer to the RACGP resources at this link below:
